NOTES:

1. The Explanatory Statement, pursuant to Section 102 of the Companies Act, 2013 ('the Act'), in respect of the business under Item Nos.4 above is annexed hereto. The relevant details of the Directors seeking re-appointment/ appointment under Item Nos.2 pursuant to Regulations 26(4) and 36(3) of the Securities and Exchange Board of India (Listing Obligations and Disclosure Requirements) Regulations, 2015 ('Listing Regulations') and as required under Secretarial Standards - 2 on General Meetings issued by The Institute of Company Secretaries of India, are annexed.
2. A Member entitled to attend and vote at the Annual General Meeting (AGM) is entitled to appoint a proxy to attend and vote instead of himself and the proxy need not be a Member of the Company. The instrument appointing the proxy, in order to be effective, must be deposited at the Company's Registered Office, duly completed and signed, not less than 48 hours before the meeting. Proxies submitted on behalf of limited companies, societies, etc., must be supported by appropriate resolutions/authority, as applicable. A person can act as proxy on behalf of Members not exceeding fifty (50) and holding in the aggregate not more than 10% of the total share capital of the Company. In case a proxy is proposed to be appointed by a Member holding more than 10% of the total share capital of the Company carrying voting rights, then such proxy shall not act as a proxy for any other person or shareholder.
3. The Register of, Members and the Share Transfer Books of the company will remain closed from September 14, 2019 to September 21, 2019 (both days inclusive).

The payment of dividend: For the financial year 2018-19 your directors have decided not to declare any dividend.

(a)To all those beneficial owners holding shares in electronic form as per the beneficial ownership data as may be available to the Company by National Securities Depository Limited ("NSDL") and the Central Depository Services (India) Limited ("CDSL") as at the end of the day on September 14, 2019.(between the book closing period)

(b)To all those members holding shares in physical form after giving effect to all the valid share transfers lodged with the Company before the closing hours on September 13, 2019.

4. Shareholders are requested to intimate, indicating their folio number, the changes, if any, of their registered addresses to the Company at its registered office or to the Company's Registrar and Share Transfer Agents ("RTA") viz. PURVA SHAREGISTRY (INDIA) PVT. LTD. situated at Shiv Shakti Ind. Estt.J.R.Boricha Marg Opp. Kasturba Hospital Lane Lower Parel (E) Mumbai 400011, in case shares are held in physical form or to their respective Depository Participant ("DP") in case the shares are in dematerialized form. The particulars recorded with the DPs will be considered for making the payment of Dividend either by issuing physical instruments or through Electronic Clearing System ("ECS"). The Shareholders are requested to take appropriate action in the matter, in their own interest, to avoid delay in receiving the payment of dividend. Where dividend payments are made through ECS, intimations regarding such remittances would be sent separately to the shareholders.
5. Trading in the Company's shares through stock exchanges is permitted only in dematerialized/electronic form. The equity shares of the Company have been registered with both NSDL as well as CDSL to enable shareholders to hold and trade the securities in dematerialized/electronic form. In view of the numerous advantages offered by the depository system, members holding shares in the Company in physical form are requested to avail of the facility of dematerialization.
6. Shareholders desiring any information regarding the accounts are requested to write to the Company Secretary at least 7 days prior to the Annual General Meeting, so as to enable the Company to keep the information ready.
7. In accordance with the provisions of Section 123 of the Companies Act, 2013, the Company has transferred unclaimed dividends if any to the "Investor Education and Protection Fund" (IEPF), constituted by the Central Government.
8. The Ministry of Corporate Affairs (MCA) on 10th May, 2012 notified the IEPF (Uploading of information regarding unpaid and unclaimed amounts lying with companies) Rules, 2012 (IEPF Rules), which is applicable to the Company. The objective of the IEPF Rules is to help the shareholders ascertain status of the unclaimed amounts and overcome the problems due to misplacement of intimation thereof by post etc.

9. In terms of Sections 123 of the Companies Act, 2013, any dividend remaining unpaid for a period of seven years from the due date of payment is required to be transferred to the IEPF. Members, who have not encased their final dividend warrants for any year or thereafter, are requested to write to the Company or the RTA.

In case of non-receipt of the dividend warrants, the shareholders are requested to Contact the Company's RTA/the Registrar of Companies as under:

Dividend for the financial year	Contact	Action by shareholder
If Any Year	PURVA SHAREGISTRY (INDIA) PVT. LTD. Shiv Shakti Ind. Estt., J .R. Boricha marg Opp. Kasturba Hospital Lane, Lower Parel (E), Mumbai 400011	Request letter on plain paper.

MANAGEMENT DISCUSSION & ANALYSIS REPORT

BUSINESS OVERVIEW:

M/s.Stratmont Industries Limited is looking for new business avenues in various areas like Manufacturing and trading of Coke, hard coke and other coal / coke related products, Power, mines and mining related activities and also looking for rental, Hiring ,leasing, trading of construction equipment & Machinery, Mining, Dredging, or any type of Equipment/ Plant & Machinery on rental/ Trading, Saw Pipe/TMT Bar Manufacturing/trading

Industry Dynamics

Coke - a derivative of metallurgical coking coal is particularly a raw material used by various industries. Being a vital component in the process of conversion of metallurgical ores into metal, coke plays an important role in the metal industry. The coke industry is dominated by large integrated steel plants (ISPs). Traditionally, coke production has been captive, thus ISPs leaving a measure surplus for merchant trading. But during the past years, a number of pig iron plants have been built in India without captive coke making facilities. Also, most coke oven batteries are located in the eastern region of the country in proximity to steel units. As a result, coke consumers in the western and southern regions have to rely primarily on imported coke.

Major Coke consuming industries

- Pig iron producers and Steel Industry
- Foundry industry
- Ferro- alloys industry
- Blast Furnaces
- Zinc and lead producers
- Cement Industry

CURRENT DYNAMICS

With the global slowdown engulfing the world, the infrastructure sector has also suffered contraction and consequently steel producer's world over have cut down production. This has caused a direct impact on coke demand and pulled down prices. Being cautious in the fragile market scenario, players are keeping low inventory levels and thus the coke demand has seen downturn. However, steel demand in India is far from softening on long term basis, and with inventory levels turning near to ground, the demand is once again expected to resurface. We expect the coke prices to lower at current level in the near term due to weak sentiments but recover to sustainable levels in the medium to long term.

RISK AND THREATS TO BUSINESS:

The steel sector has been severely impacted due to the economic slowdown and the coal consumption as raw material also fell down. This sector requires large amount of funds for investment which has further brought the sector under pressure. Slowdown in industry is generally and specifically to the industry and job losses are having adverse impact on the sector. Difficulty in getting finance at reasonable cost may hamper the business. While these concerns are valid to some extent, the Company believes that in near future we will be able to control the situation because of their skills, competencies, and demand supply gap.

HUMAN RESOURCE MANAGEMENT:

A strong brand image has been built by the Company. This could not have been possible but for the dedicated professional and experienced manpower resources of the company. The Company ensures best manpower resources of the company. The Company ensures best work environment and equal opportunities with better prospects of career development to all its employees.

Since the Company is engaged in trading activity therefore minimum number of staff and workers has been retained in the Company to oversee day to day operations. The Company cares for its personnel and considers them as their assets. The Company is exposed to risks from market fluctuation of interest rate and stock market fluctuation of the share price.

INTERNAL CONTROL SYSTEMS AND THEIR ADEQUACY:

The Company has an in house internal audit department which examines and ensures adequate internal checks and control procedures. It also ensures proper accounting, records authorization, control of operations and compliance with law. Further the Company is continuously working to improve and strengthen internal check and control system to align with the expected growth in operations.

RISK MANAGEMENT:

The Company is taking care of its risk management through robust risk management system. Risks are being identified to achieve its strategic business objective, plans are made, implemented and monitored to mitigate such risks.

COMPLIANCE WITH LOCAL LAWS:

THE Company believes strongly in complying with the laws of various states where it operates. The Company has legal set up for ensuring compliance with all statutes which are applicable periodically to its operations/ ventures. Any approvals or permissions related to specific operations are either handled by legal cell or by the concerned department.

CAUTIONARY STATEMENT:

In accordance with the code of corporate governance approved by the Securities and Exchange Board of India, shareholders and readers are cautioned that in case of data and information external to the Company, no representation is made on its accuracy or comprehensiveness through the same are based on sources believed to be reliable. Utmost care has been taken to ensure that the opinions expressed by the management herein contains its perception on the material impacts on the Company's operations but it is not exhaustive as they contain forward - looking statement which are extremely dynamic and increasingly fraught with risks and uncertainties, Actual results, performances, achievements or sequence of events may be materially different from the views and expressed herein.

Independent Auditor's Report

To the Members of

STRATMONT INDUSTRIES LIMITED

Report on the Standalone Ind AS Financial Statements

We have audited the accompanying Standalone Ind AS Financial Statements of Stratmont Industries Limited ("the Company"), which comprise the Balance Sheet as at 31st March, 2019, the Statement of Profit and Loss (including Other Comprehensive Income), the Statement of Cash Flows and the Statement of Changes in Equity for the year then ended, and a summary of significant accounting policies and other explanatory information (herein after referred to as "Standalone Ind AS Financial Statements").

Management's Responsibility for the Financial Statements

The Company's Board of Directors is responsible for the matters stated in Section 134(5) of the Companies Act, 2013 ("the Act") with respect to the preparation and presentation of these Standalone Ind AS Financial Statements that give a true and fair view of the financial position, financial performance including other comprehensive income, cash flows and changes in equity of the Company in accordance with the accounting principles generally accepted in India, including the applicable Indian Accounting Standards (Ind AS) prescribed under Section 133 of the Act, read with the Companies (Indian Accounting Standards) Rules, 2015, as amended.

This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the Standalone Ind AS Financial Statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these Standalone Ind AS Financial Statements based on our audit.

We have taken into account the provisions of the Act, the accounting and auditing standards and matters which are required to be included in the audit report under the provisions of the Act and the Rules made thereunder.

We conducted our audit in accordance with the Standards on Auditing specified under Section 143(10) of the Act. Those Standards require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether the Standalone Ind AS Financial Statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and the disclosures in the Standalone Ind AS Financial Statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the Standalone Ind AS Financial Statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal financial control relevant to the Company's preparation of the Standalone Ind AS Financial Statements that give a true and fair view in order to design audit procedures that are appropriate in the circumstances. An audit also includes evaluating the appropriateness of the accounting policies used and the reasonableness of the accounting estimates made by the Company's Directors, as well as evaluating the overall presentation of the Standalone Ind AS Financial Statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Standalone Ind AS Financial Statements.

Opinion

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid Standalone Ind AS Financial Statements give the information required by the Act in the manner so required and give a true and fair

view in conformity with the accounting principles generally accepted in India including the Ind AS, of the financial position of the Company as at 31st March, 2019 and its financial performance including other comprehensive income, its cash flows and the changes in equity for the year ended on that date.

Report on Other Legal and Regulatory Requirements

1. As required by the Companies (Auditor's Report) Order, 2016 ("the Order") issued by the Central Government of India in terms of sub-Section (11) of Section 143 of the Act, we give in "Annexure A" statement on the matters specified in the paragraph 3 and 4 of the Order, to the extent applicable.
2. As required by Section 143(3) of the Act, we report that:
 - a) we have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit;
 - b) in our opinion proper books of account as required by law have been kept by the Company so far as it appears from our examination of those books;
 - c) the Balance Sheet, the Statement of Profit and Loss, the Statement of Cash Flows and the Statement of Changes in Equity dealt with by this Report are in agreement with the books of account;
 - d) in our opinion, the aforesaid Standalone Ind AS Financial Statements comply with the Accounting Standards specified under Section 133 of the Act, read with the Companies (Indian Accounting Standards) Rules, 2015, as amended;
 - e) on the basis of the written representations received from the directors as on 31st March, 2019 taken on record by the Board of Directors, none of the directors is disqualified as on 31st March, 2019 from being appointed as a director in terms of Section 164 (2) of the Act;
 - f) With respect to the adequacy of the internal financial controls over financial reporting of the Company and the operating effectiveness of such controls, refer to our separate report in 'Annexure B';
 - g) with respect to the other matters to be included in the Auditor's Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014, in our opinion and to the best of our information and according to the explanations given to us:
 - i. The Company does not have any pending litigations which would impact its financial position.
 - ii. The Company did not have any long term contracts, including derivative contracts for which there were any material foreseeable losses.
 - iii. There were no amounts which were required to be transferred to the Investor Education and Protection Fund by the Company.

Annexure "B" to the Independent Auditor's Report

(Referred to in paragraph 2 (f) of our Report of even date)

Report on the Internal Financial Controls under Clause i of sub-section 3 of Section 143 of the Companies Act, 2013 (the Act).

We have audited the internal financial controls over financial reporting of the Company as of 31st March, 2019 in conjunction with our audit of the Standalone Ind AS Financial Statements of the Company for the year ended on that date.

Management's Responsibility for Internal Financial Controls

The Company's management is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting issued by the Institute of Chartered Accountants of India. These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

Auditor's Responsibility

Our responsibility is to express an opinion on the Company's internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the Guidance Note) and the Standards on Auditing, issued by ICAI and deemed to be prescribed under Section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls, both applicable to an audit of Internal Financial Controls and, both issued by the Institute of Chartered Accountants of India. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the Standalone Ind AS Financial Statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls system over financial reporting.

Meaning of Internal Financial Controls over Financial Reporting

A company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control over financial reporting includes those policies and procedures that:

- (1) Pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the Company;
- (2) Provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the Company are being made only in accordance with authorizations of management and directors of the Company; and
- (3) Provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use, or disposition of the Company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls over Financial Reporting

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, the Company has, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at 31st March, 2019, based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India.

Notes to the financial statements for the year ended 31 March 2019

(All amounts are in Indian rupees unless otherwise stated)

1. Company Overview**1.1 General Information**

Stratmont Industries Limited ("The Company") formerly known as Chhattisgarh Industries Limited is a public limited company incorporated in India under the provisions of Companies Act, 1956 and validly existing under Companies Act, 2013. Equity shares of the Company are listed with BSE Limited. The Company is presently engaged in the business of trading of coking coal.

1.2 Basis of preparation

The financial statements of the Company have been prepared in accordance with Indian Accounting Standards ("Ind AS") notified under Section 133 of the Companies Act, 2013 [the Companies (Indian Accounting Standards) Rules, 2015, as amended] and other relevant provisions of the Act.

The financial statements were authorised for issue by the Board of Directors on 30 May 2019.

a) Basis of measurement

The financial statements have been prepared on a historical cost basis.

b) Current versus non-current classification

The company presents assets and liabilities in the balance sheet based on current and non-current classification. All assets and liabilities have been classified as current or non-current as per the Company's normal operating cycle (twelve months) and other criteria set out in the Schedule III to the Act.

Deferred tax assets and liabilities are classified as non-current assets and liabilities.

c) Functional and presentation currency

These financial statements are presented in Indian Rupees (INR), which is the company's functional currency. All amounts have been rounded-off to the nearest Indian Rupee (INR).

2. Summary of significant accounting policy:

This note provides a list of the significant accounting policies adopted in the preparation of these financial statements. These policies have been consistently applied to all the years presented, unless otherwise stated.

a) Use of estimates

The preparation of the financial statements in conformity with Ind AS requires the management to make judgments, estimates and assumptions that affect the reported amounts of revenue, expenses, assets and liabilities at the end of period / year. Although these estimates are based on the management's best knowledge of current events and actions, uncertainty about these assumptions and estimates could result in the outcomes requiring a material adjustment to the carrying amounts of assets or liabilities in future periods.

b) Property, plant and equipment**• Recognition and measurement**

Freehold land is carried at historical cost. All other items of property, plant and equipment are stated at cost less accumulated depreciation and accumulated impairment loss, if any. Cost comprises of purchase price and any directly attributable costs of bringing the asset to its working condition for the intended use. Any trade discounts and rebates are deducted in arriving at the purchase price.

Borrowing costs attributable to construction or acquisition of a qualifying asset for the period up to the date, the asset is ready for its intended use are included in the cost of the asset to which they relate.

Capital work-in-progress comprises of the cost of property, plant and equipment that are not yet ready for their intended use as at the balance sheet date.

- **Subsequent costs**

The cost of replacing a part of an item of property, plant and equipment is recognised in the carrying amount of the item if it is probable that the future economic benefits embodied within the part will flow to the company and its cost can be measured reliably. The carrying amount of the replaced part is derecognised. The costs of the day-to-day servicing of property, plant and equipment are recognised in the statement of profit and loss as incurred.

- **Derecognition**

An item of property, plant and equipment is derecognised upon disposal or when no future economic benefits are expected from its use or disposal. Gains and losses on disposal of an item of property, plant and equipment are determined by comparing the proceeds from disposal with the carrying amount of property, plant and equipment, and are recognised net and disclosed within other income or expenses in the statement of profit and loss.

- **Depreciation methods, estimated useful lives and residual value**

Depreciation is calculated over the depreciable amount, which is the cost of an asset, or other amount substituted for cost, less its residual value. Depreciation is recognised in the statement of profit and loss on a straight-line basis over the estimated useful lives of each part of an item of property, plant and equipment as prescribed in Schedule II of the Companies Act 2013.

Freehold land is not depreciated.

c) Impairment of non-financial assets

The carrying amounts of assets are reviewed at each balance sheet date if there is any indication of impairment based on internal/external factors.

An impairment loss is recognized wherever the carrying amount of an asset exceeds its recoverable amount. The recoverable amount is the greater of the asset's fair value less costs to sell and its value in use. In assessing value in use, the estimated future cash flows are discounted to their present value using a pre-tax discount rate that reflects current market assessments of the time value of money and risks specific to the asset.

d) Inventories

Inventories if any which comprise of coal are valued at lower of cost and net realizable value. Cost is determined using FIFO Method.

Net realizable value is the estimated selling price in the ordinary course of business, less estimated costs of completion and the estimated costs necessary to make the sale.

e) Cash and cash equivalents

Cash and cash equivalents in the balance sheet comprise cash at banks and cash on hand and short-term deposits with an original maturity of three months or less, which are subject to an insignificant risk of changes in value.

f) Revenue recognition

Revenue from sale of goods is recognised when all significant risks and rewards of ownership of the goods are passed on to the buyer, recovery of the consideration is probable, the associated costs can be estimated reliably, there is no continuing effective control over, or managerial involvement with, the goods, and the amount of revenue can be measured reliably. It also includes custom/cess and excludes Goods and Service tax (GST), value added tax. Sales are stated net of discounts, rebates and returns.

g) Other income**• Interest income**

Interest income from debt instruments is recognised using effective interest rate method (EIR). EIR is the rate that exactly discounts the estimated future cash payments or receipts over the expected life of the financial instrument or a shorter period, where appropriate, to the gross carrying amount of the financial asset or to the amortised cost of a financial liability.

- Any other income is accounted for on accrual basis.

h) Borrowing costs

Borrowing costs consist of interest and other costs that an entity incurs in connection with the borrowing of funds. Borrowing cost also includes exchange differences arising from foreign currency borrowings to the extent they are regarded as an adjustment to the interest cost.

Borrowing costs that are not directly attributable to the acquisition, construction or production of a qualifying asset, are expensed in the period in which they are incurred.

i) Employee Benefits**Short-term employee benefits**

All employee benefits payable wholly within twelve months of rendering the services are classified as short-term employee benefits. Benefits such as salaries, wages, expected cost of bonus and short-term compensated absences, ex-gratia, performance pay etc. are recognised in the period in which the employee renders the related service.

j) Income tax

Tax expense comprises current and deferred tax. Current income tax is measured at the amount expected to be paid to the tax authorities. The tax rates and tax laws used to compute the amount are those that are enacted at the reporting date. Current income tax relating to items recognized directly in equity is recognized in equity and not in the statement of profit and loss.

Deferred income taxes reflect the impact of timing differences between taxable income and accounting income originating during the current year and reversal of timing differences for the earlier years. Deferred tax is measured using the tax rates and the tax laws enacted at the reporting date. Deferred income tax relating to items recognized directly in equity is recognized in equity and not in the statement of profit and loss.

Deferred tax liabilities are recognized for all taxable temporary differences, except deferred tax liability arising from initial recognition of goodwill or an asset or liability in a transaction that is not a business combination and, affects neither accounting nor taxable profit/ loss at the time of transaction. Deferred tax assets are recognized for all deductible temporary differences, the carry forward of unused tax credits and any unused tax losses, except deferred tax assets arising from initial recognition of goodwill or an asset or liability in a transaction that is not a business combination and, affects neither accounting nor taxable profit/ loss at the time of transaction. Deferred tax assets are recognized only to the extent that sufficient future taxable income will be available against which such deferred tax assets can be realized.

At each reporting date, the Company re-assesses unrecognized deferred tax assets. It recognizes unrecognized deferred tax asset to the extent that sufficient future taxable income will be available against which such deferred tax assets can be realized.

The carrying amount of deferred tax asset is reviewed at each reporting date and reduced to the extent that it is no longer probable that sufficient taxable profit will be available against which such deferred tax assets can be realized.

Deferred tax assets and deferred tax liabilities are offset, if a legally enforceable right exists to set off current tax assets against current tax liabilities and the deferred tax assets and deferred tax liabilities relate to the same taxable entity and the same taxation authority.

Deferred tax relating to items recognized outside the statement of profit and loss is recognized in co-relation to the underlying transaction either in other comprehensive income or directly in equity.

k) Provisions and contingencies

A provision is recognised when the company has a present obligation (legal or constructive) as a result of a past event, it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation and a reliable estimate can be made of the amount of the obligation.

When the company expects some or all of a provision to be reimbursed, the reimbursement is recognised as a separate asset, but only when the reimbursement is virtually certain. The expense relating to a provision is presented in the statement of profit and loss net of any reimbursement.

If the effect of the time value of money is material, provisions are discounted using a current pre-tax rate that reflects, when appropriate, the risks specific to the liability. When discounting is used, the increase in the provision due to the passage of time is recognised as a finance cost in the statement of profit and loss.

A contingent liability is a possible obligation that arises from past events whose existence will be confirmed by the occurrence or non-occurrence of one or more uncertain future events beyond the control of the Company or a present obligation that is not recognized because it is not probable that an outflow of resources will be required to settle the obligation. A contingent liability also arises where there is a liability that cannot be recognized because it cannot be measured reliably. The Company does not recognize a contingent liability but discloses its existence in the financial statements.

Contingent assets are not recognised in financial statements, unless they are virtually certain. However, contingent assets are disclosed where inflow of economic benefits are probable.

Provisions, contingent liabilities and contingent assets are reviewed at each balance sheet date.

l) Fair value measurement

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The fair value measurement is based on the presumption that the transaction to sell the asset or transfer the liability takes place either:

- In the principal market for the asset or liability, or
- In the absence of a principal market, in the most advantageous market for the asset or liability

The company uses valuation techniques that are appropriate in the circumstances and for which sufficient data are available to measure fair value, maximizing the use of relevant observable inputs and minimizing the use of unobservable inputs.

- Level 1 - Quoted (unadjusted) market prices in active markets for identical assets or liabilities
- Level 2 - Valuation techniques for which the lowest level input that is significant to the fair value measurement is directly or indirectly observable
- Level 3 - Valuation techniques for which the lowest level input that is significant to the fair value measurement is unobservable

For assets and liabilities that are recognised in the financial statements on a recurring basis, the company determines whether transfers have occurred between levels in the hierarchy by re-assessing categorisation (based on the lowest level input that is significant to the fair value measurement as a whole) at the end of each reporting period.

For the purpose of fair value disclosures, the company has determined classes of assets and liabilities based on the nature, characteristics and risks of the asset or liability and the level of the fair value hierarchy.

m) Financial instruments

A financial instrument is any contract that gives rise to a financial asset of one entity and a financial liability or equity instrument of another entity.

Financial assets

Initial recognition and measurement

Financial assets are recognized initially at fair value plus, in the case of financial assets not recorded at fair value through profit or loss, transaction costs that are attributable to the acquisition of the financial asset.

Subsequent measurement

For the purpose of subsequent measurement, financial assets are classified as:

Financial assets at amortized cost

Financial assets that are held within a business model whose objective is to hold assets for collecting contractual cash flows and whose contractual terms give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding are subsequently measured at amortized cost using the effective interest rate method. The change in measurements are recognized as finance income in the statement of profit and loss.

Financial assets at fair value through other comprehensive income (FVTOCI)

Financial assets that are held within a business model whose objective is achieved both by collecting contractual cash flows and selling the financial assets and the assets' contractual cash flows represent solely payments of principal and interest on the principal amount outstanding are subsequently measured at fair value. Fair value movements are recognized in other comprehensive income.

Financial assets at fair value through profit or loss (FVTPL)

Any financial asset which does not meet the criteria for categorization as financial instruments at amortized cost or as FVTOCI, is classified as financial instrument at FVTPL. Financial instruments included within the FVTPL category are subsequently measured at fair value with all changes recognized in the statement of profit and loss.

Financial liabilities

Initial recognition and measurement

Financial liabilities are recognized initially at fair value and, in the case of loans and borrowings and payables, net of directly attributable transaction costs.

Subsequent measurement

For the purpose of subsequent measurement, financial liabilities are classified as:

Financial liabilities at amortized cost

Financial liabilities such as loans and borrowings are subsequently measured at amortized cost using the effective interest rate method. The change in measurements are recognized as finance costs in the statement of profit and loss.

Financial liabilities at fair value through profit or loss (FVTPL)

Financial liabilities include financial liabilities held for trading and financial liabilities designated upon initial recognition as at fair value through profit or loss if the recognition criteria as per Ind AS 109 are satisfied. Gains or losses on liabilities held for trading are recognized in statement of profit and loss. Fair value gains or losses on liabilities designated as FVTPL attributable to changes in own credit risk are recognized in other comprehensive

income. All other changes in fair value of liabilities designated as FVTPL are recognized in the statement of profit and loss. The Company has not designated any financial liability as at FVTPL.

Impairment of financial assets

The company applies Expected Credit Loss (ECL) model for measurement and recognition of impairment loss on the financial assets mentioned below:

- Financial assets that are debt instrument and are measured at amortised cost
- Financial assets that are debt instruments and are measured as at FVOCI
- Trade receivables under Ind AS 18

ECL is the difference between contractual cash flows that are due and the cash flows that the Company expects to receive, discounted at the original effective interest rate.

For impairment of trade receivables, the company chooses to apply practical expedient of providing expected credit loss based on provision matrix and does not require the Company to track changes in credit risk. Percentage of ECL under provision matrix is determined based on historical data as well as futuristic information.

n) Earnings per share (EPS)

Basic EPS is calculated by dividing the profit for the year attributable to equity holders of the company by the weighted average number of equity shares outstanding during the financial year, adjusted for bonus elements in equity shares issued during the year and excluding treasury shares.

Diluted EPS adjust the figures used in the determination of basic EPS to consider

- The after-income tax effect of interest and other financing costs associated with dilutive potential equity shares, and
- The weighted average number of additional equity shares that would have been outstanding assuming the conversion of all dilutive potential equity shares.

o) Recent accounting pronouncements

Ind AS 115 - Revenue from contract with customers

Ind AS 115 is effective for annual periods beginning on or after 1 April 2018. This guidance note does not have significant impact on the financial statements during the financial year 2018-19.

Transfers of Investment Property - Amendments to Ind AS 40

The amendments clarify when an entity should transfer property, including property under construction or development into, or out of investment property. The amendments state that a change in use occurs when the property meets, or ceases to meet, the definition of investment property and there is evidence of the change in use. A mere change in management's intentions for the use of a property does not provide evidence of a change in use.

The amendments are effective for annual periods beginning on or after April 1, 2018. Since the Company does not have any such transaction, this amendment does not have any effect on the financial statements of the Company for the FY 2018-19.

Appendix B to Ind AS 21 Foreign Currency Transactions and Advance Consideration

The Appendix clarifies that, in determining the spot exchange rate to use on initial recognition of the related asset, expense or income (or part of it) on the derecognition of a non-monetary asset or non-monetary liability relating to advance consideration, the date of the transaction is the date on which an entity initially recognises the non-monetary asset or non-monetary liability arising from the advance consideration. If there are multiple payments or receipts in advance, then the entity must determine the transaction date for each payment or receipt of advance consideration.

The Appendix is effective for annual periods beginning on or after April 1, 2018. Since the Company does not have any such transaction, this amendment does not have any effect of the financial statements of the Company.

20.2 Fair value hierarchy

Fair value of financial assets and financial liabilities measured at amortised cost :

The management believes that the fair values of current financial assets (e.g., cash and cash equivalents, trade receivables, loans and others) and current financial liabilities (e.g. borrowings, trade payables and other payables excluding derivative liabilities) are approximate at their carrying amounts largely due to the short term nature.

20.3 Financial risk management

The Company's activities exposes it to market risks, credit risks and liquidity risks. The Company's management have overall responsibility for the establishment and oversight of the Company's risk management framework. The Company's risks are reviewed regularly to reflect changes in market conditions and the company's activities.

The Company has exposure to the following risks arising from financial instruments :

a. Credit risk

Credit risk is the risk of financial losses to the Company if a customer or counterparty to financial instruments fails to discharge its contractual obligations. It arises primarily from the Company's receivables from customers. To manage this, the Company periodically assesses the key accounts receivable balances. As per Ind-AS 109 : Financial Instruments, the Company uses expected credit loss model to assess the impairment loss or gain.

The carrying amount of trade and other receivables and other financial assets represents the maximum credit exposure.

**Notes forming part of the standalone financial statements (continued)
for the year ended on 31 March 2019**

(Amount in ₹)

i. Trade receivable

The management has established accounts receivable policy under which customer accounts are regularly monitored. . The management reviews status of critical accounts on a regular basis. The Company measures the expected credit loss of trade receivables based on historical trend. Loss rates are based on actual credit loss experience and past trends. Based on the historical data, loss on collection of receivable is not material hence no additional provision considered. Thus, there is no movement in the provision in impairment allowance.
